***ESP® adalah merek dagang yang terdaftar untuk Daimler AG. ESP® didesain untuk membantu New XL7 Hybrid agar mudah dikendalikan. Tetapi, efektivitasnya tergantung oleh kondisi berkendara dan keadaan permukaan jalan. Jika ban melewati limit cengkraman dan roda mulai berputar atau tergelincir, efektivitasnya mungkin akan berkurang.

****Bluetooth® is a registered trademark of Bluetooth SIG, Inc.

ADVANCED TECHNOLOGY
K15B + SMART HYBRID VEHICLE
BY SUZUKI (SHVS)**

Inovasi Suzuki lewat teknologi pintar *Integrated Starter Generator (ISG)* dengan baterai Lithium-ION yang menyimpan energi ke baterai saat kendaraan melambat dan memberikan tambahan daya saat akselerasi juga memberikan efisiensi dengan fitur *Engine Auto Stop*. Getaran mesin yang lebih halus dan konsumsi BBM yang semakin irit dan ramah lingkungan.

Teknologi futuristik dengan struktur sederhana memberikan performa optimal, ditambah fitur pintar untuk pengalaman berkendara lebih baik.

- 01 Engine Auto Stop**
Fitur pintar yang secara otomatis mematikan mesin saat mobil berhenti untuk meningkatkan efisiensi bahan bakar.
- 02 Re-Start**
Fitur yang mengirim tenaga dari baterai ke ISG ketika mesin dinyalakan kembali setelah mengaktifkan *Engine Auto Stop*.
- 03 Akselerasi**
Teknologi ISG menambah tenaga ke mesin untuk putaran mesin yang lebih ringan dan bahan bakar yang lebih irit bahkan saat akselerasi.
- 04 Speeding**
Saat melaju dengan kondisi normal, baterai litium menghentikan pasokan tenaga ke ISG. Ini membuat mesin bisa bekerja sendiri untuk menggerakkan kendaraan.
- 05 Perlambatan**
Saat kecepatan melambat, ISG akan memanfaatkan putaran mesin untuk mengisi baterai.
